The Pope and the Negro. Nick Chiles, editor of the Topeka, Kansas, Plain Dealer, a negro newspaper, has received a letter from Cardinal Merry del Val, who wrote for Pope Pius X. The Western Negro Press Association, of which Chiles is president, at its an nual meeting adopted a resolution urging the Pope to use his good offices for better treatment of the negro race in this coun-Chiles gave a copy of the resolution to Senator Burion who sent it to Cardinal Gibbons, he in turn forwarding it to Rome. The letter from Rome, which came through Cardinal Gibbons,

the vicar of Christ, extends his loving care to every race without exception, and he must necessarily use his good offices to urge all Catholics to be friendly to the negroes, who are called no less than other men to share in all the great benefits of the redemption. The life and example of St. Peter Claver and of so many other Catholic missionaries are there to show that fairs is no conception of the apostolate instrusted to the church of Christ. Whilst frankly admitting that crimes may often be committed by members of the negro tace, his holiness advocates for them the justice granted to other men by the laws of the land, and a treatment in keeping with the tenes of Christianity. I am confident that these sentiments are shared by the vast majority of the g eat American people, and by show who are responsible for the custody of the principles underlying the American Constitution. jority of the g eat American people, and by those who are responsible for the cus-tody of the principles underlying the American Constitution.

Turks and Greeks Fight.

An affray between Turkish gendarmes and Greeks is reported from Smyrea, in which M. Delyannis, scrietary of the Greek consu'ate, was slightly wounded. Serious complications may ensue. A at Greek squadron has sailed for Smyrna.

It appears that M. Delyannis endeav-ored to open the shops of Greek mer-chants which had been closed for nonpayment of taxes. This was opposed by the gendarmes. A struggle ensued; M. Delyannis was wounded and be fired on the gendarmes. The Turkish authori-ties imprisoned M. Delvannis and two onsulate goards, who were only released iter the intervention of the French con-

The Ottoman minister at Athens, after a long conference with the toreign minister, promised full satisfaction for the Smyroa affair.

An official communique, issued last night, says that M. Delyannis, acting in self-defense, fired several shots. The Greek consul general proceeded to the office of the Ottoman governor after the arrest of M. Delyann's and the consulate guards and found M. Delyannis the e, bound hand and bleeding from his wounds. M. Delyannis was authorized to accompany the consul general, but the soldiers prevented the departure of the two guards and unharnessed the horses from the consul's carriage. The guards were finally released through the intervention of the French consul. The communique adds, "A fleet is leaving this evening to engage in manoeuvres."

Nothing Like Experience.

"One truth learned by actual experi-ence does more good than ten experiences one hears about." Tell a man that Chamberlain's Colie, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and quickly it gives relief, and he will remember it all his life. For eale by

Robbed the Grave

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was m an awful condition. My skin was almost yellow, eyes sunken, tongue coaled, pain continually in back and sides, no appetic, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters: to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they cobbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at E. S. Leadbeater & Sons' drug store.

THE REAL THING

is what you want when you need a good article, and what is there more needful or of more importance to have good than coal. It can't be too good, as the more heat-producing qualities it has the more economical it will prove. Try a ton next time from Aitcheson's and you'll get the real thing. DeW. Aitcheson.
